Early Coordination

Originating Office: Office of Medical Services, M/DGHR/MED.

Title of Information Collection: Medical History and Examination for Foreign Service Persons 12 Years and Over; Medical History and Examination for Foreign Service—For Children 11 Years and Under.

Frequency: Biennially.

Form Numbers: DS-1843 and DS-1622.

Respondents: Candidates for Foreign Service Positions and their Eligible Family Members.

Estimated Number of Respondents: 12,000.

Average Hours Per Response: One Hour.

Total Estimated Burden: 12,000.

Public comments are being solicited to permit the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including through the use of automated collection techniques or other forms of technology.

FOR FURTHER INFORMATION CONTACT: Copies of the proposed information collection and supporting documents may be obtained from John A. Triplett, M.D., Office of Medical Services, 2401 E Street, NW., U.S. Department of State, Washington, DC 20522, telephone 202-663-1680. Public comments and questions should be directed to the State Department Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20530, who may be reached on 202-395-3897.

Dated: July 7, 2002.

Maria C. Melchiorre,
Acting Executive Director, Office of Medical Services, Department of State.

BILLING CODE 4710-35-P

DEPARTMENT OF TRANSPORTATION Federal Aviation Administration

Notice of Intent To Request Renewal From the Office of Management and Budget (OMB) of Four Current Public Collections of Information

AGENCY: Federal Aviation Administration (FAA), DOT.
ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), the FAA invites public comment on four currently approved public information collections which will be submitted to OMB for renewal.
DATES: Comments must be received on or before September 23, 2002.

ADDRESSES: Comments may be mailed or delivered to the FAA at the following address: Ms. Judy Street, Room 613, Federal Aviation Administration, Standards and Information Division, APT-100, 800 Independence Ave., SW., Washington, DC 20591.

FOR FURTHER INFORMATION CONTACT: Ms. Judy Street at the above address or on (202) 267-9895.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Therefore, the FAA solicits comments on the following current collections of information in order to evaluate the necessity of the collection, the accuracy of the agency's estimate of the burden, the quality, utility, and clarity of the information to be collected, and possible ways to minimize the burden of the collection in preparation for submission to renew the clearances of the following information collections.

1. *2120-0007, Flight Engineers and Flight Navigators—FAR 63.* The information collected will be used to determine compliance of applicants with the provisions of FAR Part 63, which prescribes the requirements of eligibility for flight navigator and flight engineer certification and training course requirements for those airmen. The current estimated annual reporting burden is 1,009 hours.

2. *2120-0576, Kansas City Center Customer Satisfaction Questionnaire.* The information collected on this form represents customer feedback concerning the quality of service provided to the users of Kansas City ARTCC airspace. This information may be used to solve problems, improve safety, and increase system efficiency.

Respondents are general aviation pilots, air taxi operators, airlines, military pilots, and adjacent families. The current estimated annual reporting burden is 25 hours.

3. *2120-0605, ACSEP Evaluation Customer Feedback Report.* The information is collected from holders of FAA production approvals and selected suppliers to obtain their input on how well the agency is performing the administration and conduct of the Aircraft Certification Systems Evaluation Program (ACSEP). The agency uses the information as a customer service standard and to continually improve ACSEP. The current estimated annual reporting burden is 225 hours.

4. *2120-0651, Additional Flight Data Recorder Requirements for Certain Boeing 737 Airplanes.* This collection of information requires the recording of additional operating parameters for certain Boeing 737 airplanes. These additional parameters allow the NTSB and FAA to establish a cause and enable the industry to make appropriate modifications to prevent future incidents. The current estimated annual reporting burden is 1 hour.

Issued in Washington, DC, on July 10, 2002.

Judith D. Street,
FAA Information Collection Clearance Officer, Standards and Information Division, APT-100.

BILLING CODE 4910-12-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Peoria, Marshall, Putnam, and Bureau Counties, IL

AGENCY: Federal Highway Administration (FHWA), Department of Transportation (DOT).

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for expanding Illinois 29 to a four-lane highway. The proposed project will extend from Illinois 6 in Peoria County north to I-180 in Bureau County.

FOR FURTHER INFORMATION CONTACT:

Norman R. Stoner, P.E., Division Administrator, Federal Highway Administration, 3250 Executive Park Drive, Springfield, Illinois 62703, Phone: (217) 492-4600

Joseph E. Crowe, P.E., District Engineer, Illinois Department of Transportation, District 4, 401 Main Street, Peoria, Illinois 61602-1111, Telephone: (309) 671-3333

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Illinois Department of Transportation, will prepare an Environmental Impact Statement (EIS) on a proposal to improve existing Illinois 29 to a four-lane highway from Illinois 6 in Peoria County north to I-180 in Bureau County. The approximately 35-mile long project corridor is located west of and parallel to the Illinois River. The proposal is being considered to improve north-south highway access west of the Illinois River, enhance travel efficiency, and support economic development in the region. Alternatives under consideration include: (1) The No-Build Alternative, (2) improvements to the existing highway, and (3) possible bypasses at Chillicothe, Sparland, Henry and Putnam.

Alignment studies will determine one preferred alignment location and address the type of facility and preliminary interchange geometrics. Engineering and environmental conditions will be addressed in order to determine an alignment that meets the transportation needs of the region while minimizing the impacts to the environment. Potentially affected resources include agricultural land, archaeological sites, wetlands, woodlands, natural areas, State Conservation Areas, a nature preserve, historic structures, and residential and commercial property. Preliminary measures to minimize harm, probable construction cost estimates and estimated right of way requirements will be developed as part of the study.

The scoping process undertaken for this project will include distribution of a scoping informational packet, coordination with appropriate Federal, State, and local agencies, and review sessions as needed. An informational scoping packet may be obtained from one of the contact people listed above.

To ensure that the full range of issues related to this proposed action are addressed, and all substantive issues are identified, public involvement activities will be conducted as part of the study. Public information meetings, local government meetings, and newsletters will provide opportunities for public involvement. A public hearing will be held at the time that the Draft EIS is made available for comment. The project's Draft EIS will be available for public and agency review prior to the public hearing. The time and location of

the public information meeting and public hearing will be announced in local newspapers. Comments or questions concerning this proposed action and the Draft EIS should be directed to FHWA or the Illinois Department of Transportation at the addresses provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Issued on July 18, 2002.

J.D. Stevenson,
Environmental Programs Engineer,
Springfield, Illinois.

BILLING CODE 4910-22-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Peoria, Tazewell, Woodford, Livingston, Marshall, Mclean, Putnam, Bureau and, La Salle

AGENCY: Federal Highway Administration (FHWA), DOT.
ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will not be prepared for the study of a proposed four-lane Heart of Illinois Highway in north central Illinois. Three feasible corridors identified by Illinois DOT as part of an earlier study were to be the focus of the EIS.

FOR FURTHER INFORMATION CONTACT: Norman R. Stoner, P.E., Division Administrator, Federal Highway Administration, 3250 Executive Park Drive, Springfield, Illinois 62703, Phone: (217) 492-4600
Joseph E. Crowe, P.E., District Engineer, Illinois Department of Transportation, District 4, 401 Main Street, Peoria, Illinois 61602-1111, Telephone: (309) 671-3333

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Illinois Department of Transportation, issued a notice of intent to prepare an Environmental Impact Statement (EIS) on a proposal to develop a four-lane divided highway, known as the Heart of Illinois Highway, between Peoria and the interstate freeway system either north or east of Peoria. Three feasible corridors previously identified by Illinois DOT were to be examined as part of the EIS. The notice of intent to

prepare an EIS for this project was published in the Federal Register on April 26, 2000 (Volume 65, Number 81).

Due to public opposition and lack of regional support, this project has been put on hold indefinitely. At this time there are no plans to prepare an EIS for this project.

Comments or questions concerning this notice should be directed to FHWA or the Illinois Department of Transportation at the addresses provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Issued on July 18, 2002.

J.D. Stevenson,
Environmental Programs Engineer,
Springfield, Illinois.

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket Number: MARAD-2002-12891]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.
ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel FREE SPIRIT.

SUMMARY: As authorized by Pub. L. 105-383, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a description of the proposed service, is listed below. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines that in accordance with Pub. L. 105-383 and MARAD's regulations at 46 CFR part 386 (65 FR 6905; February 11, 2000) that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels, a waiver will not be granted.

DATES: Submit comments on or before August 23, 2002.

ADDRESSES: Comments should refer to docket number MARAD-2002-12891.
